

Results of the “2013 Communications Museum Electronic Device Construction Competition – Set & Go”

Organized by the Communications Museum and co-organized by the Institute of Electrical and Electronics Engineers, the Electronic Device Construction Competition was completed on January 20.

The panel of judges, constituted by Ph.D. Cheang Tak Son, Institute of Electrical and Electronics Engineers of Macau, Ph.D. Wong Man Chung, Faculty of Science and Technology of University of Macau, Ph.D. Li Xiao Dong, Faculty of Information Technology of Macau University of Science and Technology, Ph.D. Wong Seng Fat, Macau Institution of Engineers and a representative of Communications Museum, has evaluated 52 Junior Secondary teams and 102 Senior Secondary teams from 23 schools that participated in the competition.

The awards presentation ceremony will be held in the Museum Auditorium on March 1. All participation works will be exhibited in the Museum from March 1 till April 7. In order for students to learn and make use of the electric circuits and IC 555, these two elements will continue to play an important part in the electronic device construction competition next year.
